If you like, you can photocopy the daruma doll on page 18. Students can color and cut it out and use the back to write their own wish. Daruma can be used as ema (see: <http://www.flickr.com/photos/dewynter/4506564304/in/photostream/>)

Chopsticks were invented in China then spread to all Asian countries. Japanese chopsticks look different than Chinese chopsticks: their ends are pointier.
