

CEAS Non-language Course Redesign Grant for Intelligence & National Security Studies minor
Summer 2019

The Title VI grant provides funding (\$2,500) in summer salary for the development of new non-language course development or redesign to match the needs of the new Intelligence and National Security Studies minor. The course redesign can be an East Asian non-language course that includes at least 20 percent International and/or National Security content or a social science course on International or National Security, such as Political Science, Sociology or History, that adds at least 20 percent East Asian content. These course redesigns are meant to enhance the new Intelligence and National Security Studies minor.

Please provide a two page proposal with the following:

- 1.) A syllabus for the class you want to redesign. One or two paragraphs on how you plan to add the new East Asian or Security content.
- 2.) Include a time line for the course redesign and when you will teach the redesigned course on or before Spring 2021.

Submit proposals to Amanda Snider (asnider@ku.edu) or John Kennedy (kennedy1@ku.edu) by April 8th, 2019. We will respond to each applicant by April 12th.
